Last June, I had to put my beloved cat, Emily to sleep. Every week, I would hear on the radio about all the CHA animals that needed homes, so, I visited the CHA website. One tuxedo cat caught my eye, and after a month of grieving, I decided that coming home to an empty house was too lonely.

I visited the shelter only to learn that the tuxedo cat had been adopted. However, there was another cat who needed a “quiet” environment because he was so timid. Well, my house is certainly quiet, so I looked at the big cat named Roman and brought him home the next day.

I still visit the CHA website, and I am thankful to the shelter and its volunteers for the commitment they have made to caring for homeless animals and finding cats like Roman a permanent home.

— Bobbie Farkas, Gahanna

Roman
